Dear \_\_\_\_\_

Thank you for leaving your tooth under your pillow. This has been collected by your local tooth fairy and has been examined by our fairies at Head Office.

I am writing to let you that we have accepted the tooth, but many of our fairies were unhappy with its condition. Our Tooth Science Department has stated that there was evidence of too much sugar and not enough good brushing. I hope that any future teeth we receive are looked after much better.

Given the condition of the tooth, we have valued it at \_\_\_\_\_ and have left the money in place of the tooth.

Thank you once again, and we look forward to doing business with you again.

Yours sincerely,

Flossy McClean
